Crafted from premium aluminium

A minimalistic, modern design crafted out of a refined, premium silver anodised aluminium alloy that stylishly compliments computers and products such as Macs, iMacs, and MacBooks. Silver anodising is an electrochemical process that converts a metal surface into a decorative, durable, corrosion-resistant, anodic oxide finish. Anodised aluminium is considered environmentally safe, producing few, if any, harmful effects on land, air, or water.

Tactile anti-slip rubber pads

The Stand features several built-in silicone rubber pads placed tactically on the base and top surface to keep your Laptop securely in place and prevent it from falling. Silicone rubber is a great means of providing a non-slip quality to a surface; their anti-slip, grip-like qualities ensuring that your stand will not only stay fixed, but will also leave no residue when removed.

Ergonomically designed

This product is ergonomically designed to improve posture and maintain long-lasting health; with the ability to achieve a sufficient viewing elevation that reduces strain on your back and neck. As outlined by The Chartered Institute of Ergonomics and Human Factors, back and neck pain, headaches, shoulder and arm pain are common computer-related injuries. Such muscle and joint problems can be caused or made worse by poor workstation (desk) design, bad posture and sitting for long periods of time.

Product description

Perhaps you are the kind of person who desires perfection.

Perhaps you long for an object that seamlessly integrates into your living space; with a kind of finish that allows your fingers to lightly brush over sleek, refined aluminium.

Perhaps you are also the kind of person who desires performance, which means you strive for superior, long-lasting build quality in a portable, fully adjustable ergonomic design.

And if you are - Then are you also the kind of person who, above all else, desires protection? Protection of your device, and protection of yourself...?

Then this - is the Desire2 View Supreme Lite 6 Level Adjustable Portable Stand for Laptops presented in sleek, refined aluminium.

With ergonomically designed viewing elevation providing 6 levels of adjustable height (up to 13cm) and viewing angle (18-35 degrees) of your 10-15.6" laptop or MacBook, a fully foldable design condensing the stand down to just 4mm width for easy carrying and anti-slip rubber pads for device protection and stability, the Desire2 View Supreme Lite 6 Level Adjustable Portable Stand for Laptops could be your ultimate object of desire.
