Compact and widely compatible

Collapsible design

With its collapsible design and fabric carry bag, this product is one of our lightest and most compact laptop stands. The stand condenses down to just 270mm x 29mm, making it easy to carry. Just pop the stand into your bag and take it to work, to your favourite cafe or even on your travels. The stand supports most 11 - 15.6” laptops with the anti-slip rubber pads providing device stability. Pivot supports can be interchanged for varying laptop thickness (additional pivot supports supplied).

Long-lasting build quality

The stand is made from high quality nylon, stainless steel and aluminium alloy. It also features several built-in silicone rubber pads placed tactically on the base to keep the stand securely in place and prevent it from slipping. Silicone rubber is a great means of providing a non-slip quality to a surface; its anti-slip, grip-like qualities ensure that your stand will not only stay fixed, but will also leave no residue when removed.

Et forhøjet åbent design

Laptops and other electrical products contain microprocessors and power handling semiconductors that require a heat sink to reduce their temperature through increased thermal mass and heat dissipation. The open design improves airflow around your Laptop whilst working, providing better cooling, heat dissipation and a quieter performance, while the sufficient viewing elevation reduces strain on your back and neck.

Produkt beskrivelse

Perhaps you are the kind of person who desires perfection.

Perhaps you long for an object that seamlessly integrates into your living space; with a kind of finish that allows your fingers to lightly brush over sleek, refined aluminium.

Perhaps you are also the kind of person who desires performance, which means you strive for superior, long-lasting build quality in a portable, fully adjustable ergonomic design.

And if you are - Then are you also the kind of person who, above all else, desires protection? Protection of your device, and protection of yourself...?

Then this - is the Desire2 View Supreme Lite 6 Level Adjustable Portable Stand for Laptops presented in sleek, refined aluminium.

With ergonomically designed viewing elevation providing 6 levels of adjustable height (up to 13cm) and viewing angle (18-35 degrees) of your 10-15.6” laptop or MacBook, a fully foldable design condensing the stand down to just 4mm width for easy carrying and anti-slip rubber pads for device protection and stability, the Desire2 View Supreme Lite 6 Level Adjustable Portable Stand for Laptops could be your ultimate object of desire.
