Crafted from premium aluminium

A minimalistic, modern design crafted out of a refined, premium silver anodised aluminium alloy that stylishly complements most modern day smartphones. Silver anodising is an electrochemical process that converts a metal surface into a decorative, durable, corrosion-resistant, anodic oxide finish. Anodised aluminium is considered environmentally safe, producing few, if any, harmful effects on land, air, or water.

Made for iPhone

The Anywhere 4000 2-in-1 features a built-in lightning connector that is certified by Apple (certification number 226641-0053) as the perfect compatible cable for your iPhone. Anywhere 4000 2-in-1 can provide up to 1 full charge of an iPhone 7 and 2 full charges of an iPhone 6.

LED indicator lights

4 LED indicator lights provide battery charge status. Simply push the button on the side of the Anywhere 4000 2-in-1 and count the number of LED lights illuminated. If one light is shown, then the power bank is at 25% capacity. If two lights are shown, the power bank is at 50% capacity. If three lights are shown, the power bank is at 75% capacity. And if all four lights are shown the power bank is at full capacity.

Product description

Perhaps you are the kind of person who desires perfection. Perhaps you long for that perfect companion on your travels; with a kind of minimalistic, ergonomic design that fits neatly into your pocket, and with a kind of finish that allows your fingers to lightly brush over sleek, refined aluminium.

Perhaps you are also the kind of person who desires performance, which means you strive for results - Both in charge speed, and device optimisation.

And if you are - Then are you also the kind of person who, above all else, desires protection? Protection of your device, and protection of yourself…?

Then this - is the Desire2 Charge Anywhere 4,000 mAh Power Bank presented in sleek, refined aluminium.

With ChargeSmart Technology automatic device detection delivering the fastest possible charge through a built-in Lightning connector for Apple devices, and StaySafe Technology ensuring certified protection for you and your device, the Desire2 Charge Anywhere 4,000 mAh Power Bank could be your ultimate object of desire.
