Adjustable Elevator Riser with 360 Base Rotation - Silver

£44.99

Ergonomic design: Fully rotatable base with 5 levels of adjustable height elevation for comfortable viewing, promoting good posture and reducing strain on your eyes and neck.

 **Capacity of 24kg**

Anti-slip rubber pads: Rubber silicone pads help secure your laptop, and anti slip feet prevent slippage even on shiny surfaces.

Increases cooling and airflow: The open design increases cooling and airflow around the laptop whilst working.

Precision engineering

Crafted from premium aluminium

A minimalist, modern design crafted out of a refined, premium silver anodised aluminium alloy that stylishly complements computers and products such as Macs, iMacs, and MacBooks. Silver anodising is an electrochemical process that converts a metal surface into a decorative, durable, corrosion-resistant, anodic oxide finish. Anodised aluminium is considered environmentally safe, producing few, if any, harmful effects on land, air, or water.

Tactile anti-slip rubber pads

The Stand features several built-in silicone rubber pads placed tactically on the base and top surface to keep your Laptop securely in place and prevent it from falling. Silicone rubber is a great means of providing a non-slip quality to a surface; their anti-slip, grip-like qualities ensuring that your stand will not only stay fixed, but will also leave no residue when removed.

360 degree rotatable base

The Stand comes included with a rotatable disk on the base, allowing you to turn your Laptop a full 360 degrees to easily share your screen with work colleagues and friends. The rotatable base makes the stand perfect for meetings and conferences.

Product description

Perhaps you are the kind of person who desires perfection.

Perhaps you long for an object that seamlessly integrates into your living space; with a kind of finish that allows your fingers to lightly brush over sleek, refined aluminium.

Perhaps you are also the kind of person who desires performance, which means you strive for superior, long-lasting build quality in a fully adjustable, ergonomic design.

And if you are - Then are you also the kind of person who, above all else, desires protection? Protection of your device, and protection of yourself...?

Then this - is the Desire2 View My Screen At Home Elevator Riser 360 presented in sleek, refined aluminium.

With it's fully rotatable base and ergonomically designed viewing elevation providing you ultimate viewing comfort through 5 levels of adjustable height, the Desire2 View My Screen At Home Elevator Riser 360 could be your ultimate object of desire.
